Guiding Principles

- Create a **welcoming and inclusive library** environment that reflects the inspiring diversity of the UNC Greensboro community and fosters a sense of ownership and belonging.
- Leverage space and technology to **foster innovation**, promote **interdisciplinary collaboration**, and empower students of all academic levels to reach their highest potential.

welcoming / inclusive / nurturing

Guiding Principles

- Provide a collection of library partners that collaboratively establishes **student success** criteria and provides the tools for students to succeed.
- Provide strong and **diverse collections** that support the teaching, research, and learning needs of the institution.

interactive / vibrant / innovative

Guiding Principles

- Develop an **integrated services** library model that establishes the Jackson Library as the heart of campus and serves as a **retention/recruitment** vehicle for students and faculty.
- Leverage the library to deepen the **connection with the community.**

playful / culturally rich / rooted

Engagements

- Library and Partners
- Students
- Faculty
- Campus Leadership

Student Engagement Pop-Up

Jackson Library During Construction

Jackson Library Renovation

LS3P + SHEPLEY
BULFINCH

Jackson Library During Construction

- The construction will take place in 2 phases, the tower and the main building.
- Library personnel are actively working on alternative approaches to resources and spaces during each phase.
 - For example, additional off-site storage has been obtained to shift materials around on campus, any materials removed will be returned when that phase is completed.
- More to come on services later in the year.
